**Policies & Additional Information**

The Battleship *Wisconsin* is a big ship, but the berthing visible along the public tour route is very **limited**. This program is a unique opportunity to acquire a **permanent commemoration** of you or your family's commitment to preserve and honor a historic symbol of American naval might. While all reasonable attempts will be made to accommodate special requests, Nauticus cannot guarantee sponsorship of a particular rack or berthing compartment location.

- Racks are limited to a maximum of two (2) plaques per enlisted rack and one (1) plaque per CPO and Master Chiefs rack.
- Lockers are limited to one (1) plaque per enlisted locker (box or upright), one (1) plaque **per door** of a Chief Petty Officer cabinet locker, and one (1) plaque per Master Chief Officer cabinet locker.
- Plaques typically take 6-10 weeks for fabrication after approval of final wording and layout. Plaque will not be ordered without prior payment. **Due to COVID-19, plaques ordered in 2021 may not be visible along the indoor tour route until January 2022.** Nauticus officials will work with the donor regarding placement details.
- No other plaques, markers or decoration of any kind are permitted on/in racks and lockers. Nauticus will make every reasonable effort to maintain plaques.
- Nauticus reserves the right to deny requests for inscriptions that might be considered offensive or inappropriate, or messages that do not align with the Museum's mission.
- Plaques are a tax-deductible donation to the Nauticus Foundation, a 501(C)3 nonprofit. All proceeds support education programs and the interpretation/restoration efforts aboard the Battleship *Wisconsin*. Support to this program is non-refundable.
